NORTH CAROLINA ADMINISTRATIVE CODE CLASSIFICATION SYSTEM

The North Carolina Administrative Code (NCAC) has four major subdivisions of rules. Two of these, titles and chapters, are mandatory. The major subdivision of the NCAC is the title. Each major department in the North Carolina executive branch of government has been assigned a title number. Titles are further broken down into chapters which shall be numerical in order. The other two, subchapters and sections are optional subdivisions to be used by agencies when appropriate.

**EXECUTIVE ORDER NO. 155
STATE OF NORTH CAROLINA PILOT
TELEWORKING PROJECT**

WHEREAS, more than half of North Carolina's residents live in counties facing stricter pollution controls under new federal clean air standards in the next few years; and

WHEREAS, under the old rules, no counties in North Carolina have violated the ozone standard since 1990, meeting the new ozone standard will be a significant challenge for citizens of North Carolina; and

WHEREAS, the majority of the carbon monoxide, ozone, and particulate pollution comes from automobile use; and

WHEREAS, the State must demonstrate leadership in reducing ground-level ozone and motor vehicles emissions through its own policies and the actions of its agencies and employees; and

WHEREAS, teleworking, a management option where selected employees work from their homes instead of driving to the traditional office, could be an essential part of a plan to control the growth in vehicle miles traveled and, as a result, reduce vehicle emissions; and

WHEREAS, teleworking has the potential to be a valuable tool in our Ozone Action Days Program and overall ozone control strategy; and

WHEREAS, teleworking programs in other states have documented not only reductions in air pollution emitted and gasoline consumed, but also increases in employee productivity and morale due to an improved work environment; and

WHEREAS, the Office of the State Auditor and the Office of State Personnel (OSP) have thoroughly researched the feasibility of implementing a telework/telecommuting program and have recommended that criteria be established for a statewide teleworking program.

NOW, THEREFORE, by the power vested in me as Governor by the laws and Constitution of the State of North Carolina, IT IS ORDERED:

Section 1. Establishment

The State of North Carolina Pilot Teleworking Program (hereinafter, the "Program") is hereby established to identify and measure the benefits derived from teleworking and to establish and test guidelines to ensure statewide consistency among agencies for common issues involved with the implementation of teleworking programs statewide. The Program will identify what does and does not work for agencies prior to a larger scale implementation of a teleworking work option.

Section 2. Role of Partnership

The Pilot Teleworking Project is a partnership between OSP, the

Air Quality Division of the Department of Environment and Natural Resources, the Energy Division of the Department of Commerce, and the Department of Transportation. The lead agency shall be OSP. The role of OSP is to develop a teleworking policy and process for the pilots, from selection of pilot organizations and participants through training and evaluation of the pilot project. The Air Quality Division, the Energy Division and the Department of Transportation shall support OSP in this effort with research, technical and contractual support to validate cost/benefit analysis, processes, procedures, and future implementation.

Section 3. Policy

The State of North Carolina Pilot Teleworking Program establishes interim guidelines for teleworking projects that are part of the pilot programs established under the auspices of the Office of State Personnel. This policy is not intended to have any effect on any existing telecommuting or teleworking activities in state agencies and will be reviewed at the conclusion of the pilots. The pilot projects, which are established under this interim policy, are designed so that a reasoned determination can be made as to the potential benefits of teleworking within North Carolina State government.

Section 4. Covered Employees

This policy applies to approved pilot projects only. Its provisions apply to employees who telework as part of such a pilot project and to the supervisors and managers who assign and review work for those employees.

Section 5. State Teleworking Advisory Committee

- a. Creation and Membership. The State Teleworking Advisory Committee is hereby created. The State Personnel Director shall appoint the committee members. The Committee shall have representation from policy areas and participating agencies. Each member shall serve a term of two years.
- b. Duties. The State Teleworking Advisory Committee shall assist the Office of State Personnel with the development of the State Teleworking Pilot Program, review its progress and make recommendations to the State Personnel Director with respect to continuation of teleworking in North Carolina State government.

Section 6. Duties of the Office of State Personnel

The Office of State Personnel will administer the State of North Carolina Pilot Teleworking Program. In carrying out this duty, OSP shall:

- a. Provide coordination for the pilot programs;
- b. Provide staff to the State Teleworking Advisory Committee;
- c. Administer or contract the orientation program for agency coordinators;
- d. Administer or contract program to train agency coordinators;
- e. Review and approve any reports on the teleworking pilot programs; and.

f. Compile, analyze, and report pilot results.

Section 7. Duties of Each Agency

Each agency shall:

- a. Establish agency policies and procedures in conformance with the guidelines and procedures established by OSP and define teleworking jobs/tasks. Each agency participating in a pilot must identify jobs that are proposed for inclusion in the pilot and be responsible for providing documentation, evaluation, and analysis to support the selection of these jobs.
- b. Establish expected results. Each agency shall establish measurable performance standards which are results-oriented and which describe quantity and quality of work.
- c. Select a Teleworking Coordinator. Each participating agency shall select an Agency Teleworking Coordinator to be responsible for overall program organization and analysis.
- d. Identify selection criteria for employees. Each agency has the authority to determine which employees under its supervision meet the agency standard for selection.
- e. Identify selection criteria for supervisors. Each agency has the authority to determine which supervisors meet the agency standard for selection.
- f. Orient and train teleworkers and supervisors. All participants in a teleworking pilot shall attend orientation and training sessions regarding this program.
- g. Establish general policies/guidelines such as work hours, equipment, furniture, etc. Each agency shall develop a policy or set of guidelines, which are reflective of agency-specific policies, and include them in addition to the State policies which are not changeable.
- h. Require employees and supervisors to sign teleworking agreements. All teleworking relationships shall have a formal, written Teleworking Agreement.

Section 8. Duties of the Employee

In addition to the selection criteria, each employee participating in a teleworking pilot under this Executive Order shall agree to clear and measurable performance standards, attend training, sign and abide by a Teleworking Agreement, and participate in surveys and focus groups.

Section 9. Duties of The Supervisor

Due to the voluntary nature of the pilot program, teleworkers and/or management have the right to terminate the Teleworking Agreement at any time. Although teleworking is not an employee entitlement or right, termination of employees from the program must be done in writing and with appropriate notice except in emergency situations. Termination of a Teleworking Agreement by management is not a grievable issue under personnel policies. An employee who terminates an agreement cannot be subjected to disciplinary action.

This Order is effective immediately and shall remain in effect until terminated by subsequent executive order.

Done in the Capital City of Raleigh, North Carolina, this the 20th day of July, 1999.

WHEREAS, the natural resources of the State of North Carolina are the common property of all the people and the State, as trustee of these limited resources, shall preserve them for the benefit of all the people, including future generations; and

WHEREAS, the growth of North Carolina's economy and the quality of life, health, and safety of its citizens are dependent on the careful stewardship of natural resources and protection of the environment; and

disposition impact the quality of the environment; and

WHEREAS, the procurement of environmentally sound goods and services by the State can serve to protect health and safety, reduce energy consumption, conserve natural resources, prevent pollution, and promote markets for recyclable materials.

NOW, THEREFORE, by the authority vested in me as Governor by the Constitution and laws of North Carolina, IT IS ORDERED:

Section 1. Purpose

This Executive Order shall promote all state agencies to maximize their efforts to develop and implement environmentally sustainable policies and practices. Specifically, agencies shall strive to:

- a. consider and minimize the environmental impacts associated with agency land use and acquisition, construction, facility management, and employee transportation;
- b. reduce and recycle material recoverable from solid waste originating at their facilities and from the construction and renovation of new facilities;
- c. procure goods and services that have a lesser or reduced effect on human health and the environment, including products made wholly or in part from recycled materials; and,
- d. encourage and promote conservation of energy through reducing wasteful, inefficient or uneconomical uses of energy resources.

Section 2. Responsibilities of State Agencies

Such programs shall be consistent with and as comprehensive as described in this Order.
- b. Each agency shall designate an Environmental Sustainability Officer to direct sustainability activities. Agencies shall also designate one or more individuals to coordinate and oversee its waste reduction, recycling, and environmental procurement programs, and to serve as a liaison with the Division of Pollution Prevention and Environmental Assistance of the North Carolina Department of Environment and Natural Resources.
- c. The Division of Pollution Prevention and Environmental Assistance and the Division of Energy of the North Carolina Department of Commerce shall provide technical assistance, education, and training to state agencies on these matters, and shall serve as a central point of information and coordination for all state agency environmental sustainability efforts.
- d. The Divisions of Facility Management, State Construction, State Property, and Motor Fleet Management of the North Carolina Department of Administration shall facilitate state agency

environmental sustainability efforts as part of their regular functions, which include but are not limited to: overseeing contracts for waste hauling, housekeeping services, landscaping, and facility maintenance; site leasing; capital construction projects; and fleet transportation.

- e. As provided in this Order, the Division of Purchase and Contract of the Department of Administration shall aggressively explore opportunities for procuring goods and services that have a lesser or reduced effect on human health and the environment and shall actively promote the purchase of environmentally preferable products by state agencies and others eligible to purchase items from state contracts.

Section 3. Environmentally Sustainable Operations and Practices

State agency environmental sustainability efforts shall focus primarily on the operations of state-owned facilities and leased spaces. Agencies shall assess the impacts of facility daily operations, management, and capital improvement projects as they pertain to health and safety, environmental quality, land use, and resource conservation.

- a. Capital improvements
All state agencies shall seek opportunities to reduce environmental impacts associated with capital improvements throughout project planning, site and building design, and construction. Agencies shall, to the extent feasible and practicable, implement project initiatives or modifications that result in energy efficiency, water conservation, pollution prevention, solid waste reduction, and land preservation during the construction and operation of agency facilities.
- b. Facilities management
State agencies shall seek to integrate into the daily operations and management of state-owned and leased facilities, practices that enhance health and safety, reduce consumption of energy and fuels, conserve water, minimize emissions, and reduce solid and hazardous wastes. Agencies shall give consideration to these practices, to the extent feasible and practicable, as criteria for entering into lease agreements or contracts for maintenance and landscaping services.
- c. State Vehicle Use and Employee Transportation
 - (1) To reduce air pollution, particularly ground-level ozone, resulting from state fleet vehicle usage, it shall be the goal of the State that on and after January 1, 2004, at least seventy-five percent (75%) of the new or replacement light duty cars and trucks purchased by state agencies will be alternative-fueled vehicles or low emission vehicles. The Departments of Administration, Transportation, and Environment and Natural Resources, shall jointly develop a plan to achieve this goal and to fuel and maintain these vehicles.
 - (2) To the extent feasible, and within guidelines established jointly by the Office of State

Personnel, and the Departments Administration, Transportation, and Environment and Natural Resources, state agencies shall implement measures to reduce the number of vehicle miles driven by state employees in personal and state fleet vehicles resulting from job-related travel including commuting to and from work. These measures may include carpooling vanpooling, public transportation incentives, flex-time scheduling to avoid travel during peak traffic, telecommuting, teleconferencing, and other appropriate strategies.

Section 4. Source Reduction and Recycling of Solid Wastes

a. Source reduction

To encourage reduction of waste at its source, all state agencies shall review their operations to determine where solid waste can be reduced at its sources of generation. Specific measures state agencies shall employ to reduce waste at the source include but are not limited to those identified in this Section.

(1) Reduction of office paper waste

(a) Printing and photocopying

State agencies shall avoid unnecessary printing or photocopying of printed materials, and shall require two-sided copying on all documents when feasible and practicable. To the extent feasible, all new and re-manufactured photocopy machines and laser printers purchased shall have duplexing capabilities.

(b) Use of electronic communication

State agencies shall, to the extent feasible, use electronic media such as voice mail, e-mail, and the Internet to circulate or distribute routine announcements, memoranda, documents, reports, forms, manuals, and publications.

(2) Product necessity, durability, packaging, and recyclability

State agencies shall discourage the use of disposable products where reusable products are available and economically viable for use. Furthermore, state agencies shall assess their waste generation with regard to purchasing decisions and make every attempt to purchase items only when needed and in amounts that are not excessive. When purchases are necessary, state agencies shall, to the extent feasible and practicable, acquire items that are more durable, have minimal packaging, or are readily recyclable when discarded.

b. Collection programs for recyclable materials

- (1) As set forth in North Carolina General Statute 130A-309.14, all state agencies shall ensure that employees have access to containers for recycling (at a minimum) aluminum cans, high-grade office paper, and corrugated cardboard. All state employees are required to separate identified recyclable materials generated in the course of agency operations and place them in the appropriate recycling containers. The provisions of this section shall not apply in those situations where the agency head makes a written determination that their implementation is not feasible.
- (2) State agencies facilities that routinely host the general public, such as highway rest areas, state parks and recreation areas, employment security offices, state historic sites, etc., shall implement programs for the collection of recyclable materials discarded by the public at all such locations (e.g., aluminum, glass, and plastic beverage containers) when feasible and practicable. State agencies shall work closely with the appropriate local government agencies when developing and implementing these recycling programs.
- (3) Agencies that operate or contract for the operation of food service establishments, such as snack bars, cafeterias, dining halls, etc., are encouraged to implement programs to recover and recycle leftover food when practicable and feasible.

c. Education of agency employees

It shall be the duty of each state agency to educate and encourage employee participation in agency waste reduction and recycling programs. The Division of Pollution Prevention and Environmental Assistance shall assist agencies in developing and implementing educational programs. Each agency shall establish a network of assistant coordinators to assist the lead coordinator with carrying out this responsibility. The assistant coordinators shall disseminate information about recycling and waste reduction policies and procedures; monitor participation; and report any problems, suggestions, or other feedback to the agency's designated lead coordinator.

Section 5. Purchase and Use of Environmentally Preferable Products

As a component of their environmental sustainability efforts and to help develop markets for recyclable materials, state agencies shall procure and use environmentally preferable goods and services, including products made wholly or in part from recycled materials, whenever feasible and practicable. Environmentally preferable products have a lesser or reduced effect on human health and the environment in their manufacture, use, and disposal when compared with other products that serve the same purpose.

agencies shall give consideration to environmentally preferable products that are more energy efficient, less toxic, less polluting, and which generate less waste overall.

a. Purchases of environmentally preferable and recycled-content products

- (1) In cooperation with the Division of Pollution Prevention and Environmental Assistance, the Division of Purchase and Contract shall make every effort to identify environmentally preferable goods and services and products made from recycled materials that meet appropriate standards for use by state agencies. When environmentally preferable and recycled-content products are offered that are comparable in quality, availability, and price to products not having recycled content or similar environmental attributes, term contracts shall carry only the environmentally preferable products.
- (2) To enable agencies to readily identify the availability of these products, term contracts shall be written in a format that prominently identifies environmentally preferable and recycled-content products, and these products shall be listed in conjunction with any comparable products not having recycled content or similar environmental attributes. The Division of Purchase and Contract shall prepare an electronic listing of all environmentally preferable and recycled-content products available on state contracts and make it available to all state agency purchasers.
- (3) State agencies that have delegated purchasing authority shall develop product specifications to encourage vendors to offer environmentally preferable and recycled-content products. Specifications shall be written to ensure that they do not contain restrictive language or other barriers to purchasing environmentally preferable or recycled-content products, unless such specifications are necessary to protect public health, safety, or welfare.
- (4) All electronic office equipment, including but not limited to, computers, monitors, printers, scanners, photocopy machines, facsimile machines, and other such equipment purchased by state agencies shall be Energy Star® compliant.
- (5) State agencies shall give priority consideration to the purchase of re-manufactured and used equipment, including, but not limited to, such equipment as photocopiers and other office equipment.
- (6) State agencies shall give priority consideration to the purchase of fleet vehicles that use less-polluting fuels and that have the highest available miles-per-gallon rating.

b. Purchases of recycled paper

- (1) State agencies are directed to purchase and use

recycled paper for all letterhead stationery, reports, memoranda, and other documents when feasible and practicable. All new and re-manufactured photocopy machines and laser printers purchased shall have the ability to use xerographic paper having at least 50% recycled content, 30% of which should be post-consumer content.

- (2) State agencies shall attempt to meet the goal that, as of Fiscal Year 2000-01, 100% of the total dollar value of expenditures for paper and paper products be toward purchases of paper and paper products with recycled content. In addition, state agencies shall attempt, to the extent feasible and practicable, to purchase recycled paper and paper products with the highest percentage of post consumer content.

c. Guidelines and criteria

The Division of Purchase and Contract in cooperation with the Division of Pollution Prevention and Environmental Assistance shall develop criteria for determining the environmental preferability of goods and services and establish minimum content standards for recycled-content products purchased by state agencies.

Section 6. Reporting

a. State agency annual reports on solid waste reduction and procurement of recycled products

By the first of October annually, each state agency shall report to the Division of Pollution Prevention and Environmental Assistance for the previous fiscal year the following information, at a minimum: activities or programs implemented to reduce the amount of solid waste generated by the agency; quantities and types of materials collected for recycling by the agency; and the dollar amounts and types of recycled products purchased.

b. Annual progress report to the Governor

The Division of Pollution Prevention and Environmental Assistance, in conjunction with the Department of Administration, shall provide guidance to agencies in preparing their annual reports. The Division of Pollution Prevention and Environmental Assistance shall compile the agency reports and provide to the Governor an annual progress report on state agency efforts to reduce waste at the source, collect recyclable materials, and procure recycled products.

c. Tracking recycled products procurement

The Division of Purchase and Contract shall review its sales report procedures and determine any changes needed to facilitate tracking of environmentally preferable and recycled products purchased by state agencies and others from term contracts.

WHEREAS, the North Carolina Department of Transportation has declared a State emergency justifying an exemption from 49 C.F.R. 390-397 (Federal Motor Carrier Safety Regulations); and

THEREFORE, pursuant to the authority vested in me as Governor by the Constitution and the laws of this State, and with the concurrence of the Council of State, IT IS ORDERED:

Section 1. The Division of Motor Vehicles shall waive certain registration requirements and penalties therefore arising under N.C.G.S. 20-86, 20-382 and 105-49.47 and 105-449.49 for utility vehicles transporting equipment and supplies along our highways to North Carolina's hurricane-stricken counties. Reason for Proposed Action: The proposed rule changes will create a new regulatory system based on an accreditation model (outcome-based) which transfers oversight from the Food and Drug Administration to the Substance Abuse Mental Health Services Administration. This change is a reflection of the evolution of methadone treatment from that of an emerging new drug therapy to a widely accepted and well-understood treatment modality.

Citation to Existing Rules Affected by this Rule-Making: 10 NCAC 47B - Other rules may be proposed in the course of the rule-making process.

Authority for the rule-making: G.S. 143B-153

Statement of the Subject Matter: The rules in 10 NCAC 47B govern eligibility for the State/County Special Assistance for Adults program.

Reason for Proposed Action: Legislation enacted by the 1999 session of the General Assembly (SL 1999-237) requires county departments of social services to implement a resident evaluation program for applicants and recipients of the State/County Special Assistance for Adults program. A resident evaluation is now required for eligibility determination and re-determination for this program. Rules need to be adopted and amended to implement this legislation effective January 1, 2000.

TITLE 4 - DEPARTMENT OF COMMERCE

Notice is hereby given in accordance with G.S. 150B-21.2 that the Cape Fear River Navigation and Pilotage Commission intends to amend rules cited as 4 NCAC 15 .0119 - .0121. Notice of Rule-making Proceedings was published in the Register on August 1, 1999.

Proposed Effective Date: August 1, 2000

A Public Hearing will be conducted at 7:00 p.m. on November 5, 1999 at the Second Floor Meeting Room, NC State Ports Authority Building, 2202 Burnett Boulevard, Wilmington, NC.

Reason for Proposed Action: Agency was approached by the members of the Wilmington - Cape Fear Pilots Association to consider the following amendments to 4 NCAC 15:

4 NCAC 15 .0119(a) - to insert a formula which would increase or decrease the number of pilots according to the number of ships calling the port. This is a result of a loss of about 25% of their business over the past few years without a corresponding reduction in the number of pilots.

4 NCAC 15 .0119(b) - to insert language clarifying the definition of an "extreme emergency".

4 NCAC 15 .0120 - to limit the term for which a "limited" license may be issued.

4 NCAC 15 .0121(e) - to include the term limit in the discussion of limited licenses.

4 NCAC 15 .0121(h) - to assure an apprentice pilot who has completed his training when no vacancy in the number of pilots exists that he will fill the next vacancy.

Comment Procedures: Written comments may be submitted to Mr. Louis K. Newton, Chairman, 508 Princess Street, Wilmington, NC 28402. All comments must be received before the end of the public hearing.

CHAPTER 15 - COMMISSION OF NAVIGATION AND PILOTAGE FOR THE CAPE FEAR RIVER AND BAR

.0119 NUMBER OF PILOTS

(a) The maintenance of efficient pilot service for the river and bar requires ten pilots: a number of pilots in accordance with the following: The commission shall license ten pilots a number of pilots not to exceed one pilot per 98 piloted vessel arrivals annually or fraction thereof. Piloted vessel arrivals annually shall

be determined by a five consecutive calendar year average and can be calculated at any time using the five previous calendar years. The then current active pilots shall continue to serve with the Commission's power of reduction to be effective only in the case of natural attrition except as proved in G.S. 76A-15, to assist the navigation of vessels requiring the assistance of such pilots.

(b) The apprentice system established in Rule .0019 .0121 of this Chapter shall be used to fill vacancies in the association except in the case of extreme emergency: emergency, such as incapacity by accident, sickness or death. In such emergency, the Commission may issue, upon recommendation of a majority vote of the association, one or more limited licenses for such term as may be necessary.

Authority G.S. 76A-1; 76A-5; 76A-13; 76A-14.

.0120 ANNUAL RENEWAL OF LICENSE

That application shall include the results of a physical examination conducted within 60 days prior to the date of the application and a bond in the amount of five hundred dollars (\$500.00) from two freehold sureties. The results of the physical examination shall be reported on the form required by the Coast Guard for the issuance of an original federal pilot's license. If the application is satisfactory, the Commission shall issue a license effective May 1. No limited license issued under G.S. 76A-6(2) shall be renewed for more than the original year, except for limited licenses issued under the provisions of 4 NCAC 15 .0119(b).

CHAPTER 2 - ENVIRONMENTAL MANAGEMENT

SUBCHAPTER 2D - AIR POLLUTION CONTROL REQUIREMENTS

SECTION .0500 - EMISSION CONTROL STANDARDS

.0518 MISCELLANEOUS VOLATILE ORGANIC COMPOUND EMISSIONS

(a) This Rule shall be applicable to all sources of volatile organic compound emissions for which no other volatile organic compound emission control standards are applicable, including those standards found in Section .0900 of this Subchapter as well as Rules .0524, .1110, or .1111 of this Subchapter, or 40 CFR Part 63.

(b) A person shall not place, store or hold in any stationary tank, reservoir, or other container with a capacity greater than 50,000 gallons, any liquid compound containing carbon and hydrogen or containing carbon and hydrogen in combination with any other element which has a vapor pressure of 1.5 pounds per square inch absolute or greater under actual storage conditions unless such tank, reservoir, or other container:

- (1) is a pressure tank, capable of maintaining working pressures sufficient at all times to prevent vapor gas loss into the atmosphere; or
- (2) is designed and equipped with one of the following vapor loss control devices:
 - (A) a floating pontoon, double deck type floating roof or internal pan type floating roof equipped with closure seals to enclose any space between the cover sedge and compartment wall; this control equipment shall not be permitted if the compound is a photochemically reactive material having a vapor pressure of 11.0 pounds per square inch absolute or greater under actual storage conditions; all tank gauging or sampling devices shall be gas-tight except when tank gauging or sampling is taking place;
 - (B) a vapor recovery system or other equipment or means of air pollution control as approved by the Director which reduces the emission of organic materials into the atmosphere by at least 90 percent by weight; all tank gauging or sampling devices shall be gas-tight except when tank gauging or sampling is taking place.

(c) A person shall not load in any one day more than 20,000 gallons of any volatile organic compound into any tank-truck, trailer, or railroad tank car from any loading facility unless the loading uses submerged loading through boom loaders that extend down into the compartment being loaded or by other methods demonstrated to the Director to be at least as efficient.

(d) With the exemptions of Paragraphs (g) and (h) of this Rule, a person shall not discharge from all sources at any one plant site more than a total of 40 pounds of photochemically reactive solvent into the atmosphere in any one day, from any article, machine, equipment or other contrivance used for employing, applying, evaporating or drying any photochemically reactive solvent or substance containing such solvent unless the discharge has been reduced by at least 85 percent by weight. Photochemically reactive solvents include any solvent with an aggregate of more than 20 percent of its total volume composed of the chemical compounds classified in this Paragraph, or which exceed any of the following percentage composition limitations, referred to the total volume of the solvent:

- (1) a combination of hydrocarbons, alcohols, aldehydes, esters, ethers, or ketones having an olefinic or cyclo-olefinic type of unsaturation --five percent;
- (2) a combination of aromatic hydrocarbons with eight or more carbon atoms to the molecule except ethylbenzene--eight percent;
- (3) a combination of ethylbenzene, ketones having branched hydrocarbon structure, trichloroethylene, or toluene--20 percent.

Whenever any photochemically reactive solvent, or any constituent of any photochemically reactive solvent may be classified from its chemical structure into more than one of the groups of chemical compounds in this Paragraph, it shall be considered as a member of the most reactive chemical compound group, that is: that group

having the least allowable percent of the total volume of solvents: Diacetone alcohol and perchloroethylene are not considered photochemically reactive under this Rule. Compounds that are not volatile organic compounds as defined under 40 CFR 51.100 are also not considered photochemically reactive under this Rule.

(e) A source need not comply with Paragraphs (b), (c), or (d) of this Rule if it complies with otherwise applicable rules in Section .0900 of this Subchapter. However, the source shall not comply with Rules .0902 through .0911, .0950, .0951(c), and .0952 of this Subchapter. This Paragraph shall not apply to sources subject to the requirements of Section .0900 of this Subchapter because of Rule .0902(e), (f), or (g) of this Subchapter.

(f) Any source to which this Rule applies shall be exempted from the requirements of Paragraphs (b), (c), or (d) if control equipment is installed and operated which meets the requirements of best available control technology as defined in and determined by procedures of Rule .0530 of this Section. A new best available control technology determination and procedure need not be performed if in the judgement of the Director a previous best available control technology determination is applicable.

(g) Sources at a plant site with emission limits established by Paragraphs (e) or (f) of this Rule, Rules .0524, .1110 or .1111 of this Subchapter, or 40 CFR Part 63 shall be excluded from consideration when determining the compliance of any remaining sources with Paragraph (d) of this Rule.

(h) Recycled solvents shall be considered non-photochemically reactive if:

- (1) The solvents are recycled on-site;
- (2) The solvents were originally non-photochemically reactive; and
- (3) All make-up solvents added to the recycled solvents are non-photochemically reactive.

For the purposes of this Section, the following definitions apply:

- (1) "Actual emissions" means the actual rate of emissions in tons per year of any air pollutant emitted from the facility over the preceding calendar year. Actual emissions include fugitive emissions as specified in the definition of major source in 40 CFR 70.2. For fee applicability and calculation purposes under Rule .0201

or .0203 of this Section and emissions reporting purposes under Rule .0207 of this Section, actual emissions do not include emissions beyond the normal emissions during violations, malfunctions, start-ups, and shut-downs, do not include a facility's secondary emissions such as those from motor vehicles associated with the facility, and do not include emissions from insignificant activities because of category as defined under Rule .0503 listed in Rule .0102(b)(1) of this Subchapter.

- (3) "Synthetic minor facility" means a facility that would be a Title V facility except that the potential emissions are reduced below the thresholds in Item (2) of this Rule by one or more physical or operational limitations on the capacity of the facility to emit an air pollutant. Such limitations must be enforceable by EPA and may include air pollution control equipment and restrictions on hours of operation, the type or amount of material combusted, stored, or processed.
- (4) "General facility" means a facility obtaining a permit under Rule .0310 or .0509 of this Subchapter.

(b) The permit shall specify emission limitations and standards, including operational requirements and limitations, that assure compliance with all applicable requirements at the time of permit issuance.

(c) Where an applicable requirement of the federal Clean Air Act is more stringent than an applicable requirement of rules promulgated pursuant to Title IV, both provisions shall be placed in the permit. The permit shall state that both provisions are enforceable by EPA.

(d) The permit for sources using an alternative emission limit established under 15A NCAC 2D .0501(f) or 15A NCAC 2D .0952 shall contain provisions to ensure that any resulting emissions limit has been demonstrated to be quantifiable, accountable, enforceable, and based on replicable procedures.

(e) The expiration date contained in the permit shall be for a fixed term of five years for sources covered under Title IV and for a term of no more than five years from the date of issuance for all other sources including solid waste incineration units combusting municipal waste subject to standards under Section 129(e) of the federal Clean Air Act.

(f) The permit shall contain monitoring and related recordkeeping and reporting requirements as specified in 40 CFR 70.6(a)(3) and 70.6(c)(1) including conditions requiring:

- (1) the permittee to retain records of all required monitoring data and supporting information for a period of at least five years from the date of the monitoring sample, measurement, report, or application (Supporting

- (2) the permittee to submit reports of any required monitoring at least every six months. The permittee shall submit reports:

- (A) on official forms obtained from the Division at the address in Rule .0104 of this Subchapter,
- (B) in a manner as specified by a permit condition, or
- (C) on such other forms as approved by the Director; and

The permittee shall report in writing to either the Director or Regional Supervisor all other deviations from permit requirements not covered under 15A NCAC 2D .0535 within two business days after becoming aware of the deviation. The permittee shall include the probable cause of such deviation and any corrective actions or preventive measures taken. All deviations from permit requirements shall be certified by a responsible official.

Where appropriate, the Director may allow records to be maintained in computerized form. Monitoring, recordkeeping, and reporting shall not be required for insignificant activities except to the extent necessary to comply with Rule .0207 of this Subchapter.

(g) If the facility is required to develop and register a risk management plan pursuant to Section 112(r) of the federal Clean Air Act, the permit need only specify that the owner or operator of the facility will comply with the requirement to register such a plan: The permit for facilities covered under 15A NCAC 2D .2100, Risk Management Program, shall contain:

The content of the risk management plan need not itself be incorporated as a permit term or condition.

(h) The permit shall contain a condition prohibiting emissions exceeding any allowances that a facility lawfully holds under Title IV. The permit shall not limit the number of allowances held by a permittee, but the permittee may not use allowances as a defense to noncompliance with any other applicable requirement.

- (i) The permit shall contain a severability clause so that various

permit requirements will continue to be valid in the event of a challenge to any other portion of the permit.

(j) The permit shall state that noncompliance with any condition of the permit is grounds for enforcement action; for permit termination, revocation and reissuance, or modification; or for denial of a permit renewal application.

(k) The permit shall state that the permittee may not use as a defense in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of the permit.

(l) The permit shall state that the Director may reopen, modify, revoke and reissue, or terminate the permit for reasons specified in Rule .0517 or .0519 of this Section. The permit shall state that the filing of a request by the permittee for a permit revision, revocation and reissuance, or termination, notification of planned changes, or anticipated noncompliance does not stay any permit condition.

(m) The permit shall state that the permit does not convey any property rights of any sort, or any exclusive privileges.

(n) The permit shall state that the permittee shall furnish to the Division, in a timely manner, any reasonable information that the Director may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to determine compliance with the permit. For information claimed to be confidential, the permittee may furnish such records directly to EPA along with a claim of confidentiality.

(o) The permit shall contain a provision to ensure that the permittee pays fees required under Section .0200 of this Subchapter.

- (2) extend the permit shield described in Rule .0512 of this Section to all terms and conditions under each such operating scenario; and
- (3) ensure that each operating scenario meets all applicable requirements of Subchapter 2D of this Chapter and of this Section.

The progress report shall contain:

- (1) dates for achieving the activities, milestones, or compliance required in the compliance schedule, and dates when such activities, milestones, or compliance were achieved; and
- (2) an explanation of why any dates in the compliance schedule were not or will not be met, and any preventive or corrective measures adopted.

(t) The permit shall contain requirements for compliance certification with the terms and conditions in the permit, including emissions limitations, standards, or work practices. The permit shall specify:

- (1) the frequency (not less than annually or more frequently as specified in the applicable requirements or by the Director) of submissions of compliance certifications;
- (2) a means for monitoring the compliance of the source with its emissions limitations, standards, and work practices;
- (3) a requirement that the compliance certification include:
 - (A) the identification of each term or condition of the permit that is the basis of the certification;
 - (B) the compliance status as shown by monitoring data and other information reasonably available to the permittee;
 - (C) whether compliance was continuous or intermittent;
 - (D) the method(s) used for determining the compliance status of the source, currently and over the reporting period; and

SECTION .0300 - CONDITIONS FOR ELIGIBILITY

.0311 RESERVE

North Carolina has contracted with the Social Security Administration under Section 1634 of the Social Security Act to provide Medicaid to all SSI recipients. Resource eligibility for individuals under any Aged, Blind, and Disabled coverage group is determined based on standards and methodologies in Title XVI of the Social Security Act except as specified in Items (4) and (5) of this Rule. Applicants for and recipients of Medicaid shall use their own resources to meet their needs for living costs and medical care to the extent that such resources can be made available. Certain resources shall be protected to meet specific needs such as burial and transportation and a limited amount of resources shall be protected for emergencies.

- (1) The value of resources currently available to any budget

unit member shall be considered in determining financial eligibility. A resource shall be considered available when it is actually available and when the budget unit member has a legal interest in the resource and he, or someone acting in his behalf, can take any necessary action to make it available.

- (a) Resources shall be excluded in determining financial eligibility when the budget unit member having a legal interest in the resources is incompetent unless:
 - (i) A guardian of the estate, a general guardian or an interim guardian has been lawfully appointed and is able to act on behalf of his ward in North Carolina and in any state in which such resources are located; or
 - (ii) A durable power of attorney, valid in North Carolina and in any state in which such resource is located, has been granted to a person who is authorized and able to exercise such power.
- (b) When there is a guardian, an interim guardian, or a person holding a valid, durable power of attorney for a budget unit member, but such person is unable, fails, or refuses to act promptly to make the resources actually available to meet the needs of the budget unit member, a referral shall be made to the county department of social services for a determination of whether the guardian or attorney in fact is acting in the best interests of the member and if not, the county department of social services shall contact the clerk of court for intervention. The resources shall be excluded in determining financial eligibility pending action by the clerk of court.
- (c) When a Medicaid application is filed on behalf of an individual who:
 - (i) is alleged to be mentally incompetent,
 - (ii) has or may have a legal interest in a resource that affects the individual's eligibility, and
 - (iii) does not have a representative with legal authority to use or dispose of the individual's resources, the individual's representative or family member shall be instructed to file within 30 calendar days a judicial proceeding to declare the individual incompetent and appoint a guardian. 1. The parties are properly before the Office of Administrative Hearings and the Office of Administrative Hearings has jurisdiction over this contested case.
2. Petitioner holds teaching license No. 243-43-1740, issued by the N.C. State Board of Education.
3. Pursuant to an interim employment contract, Petitioner taught in the Guilford County Schools of Southwest High and Middle Schools as a probationary music teacher for the 1997-98 school year.
4. By letter dated May 28, 1998, Guilford County Schools advised Petitioner that his interim employment contract was terminated at the conclusion of the 1997-98 school year.
5. By letter dated July 17, 1998, Guilford County Schools offered Petitioner the position of music teacher at Southwest High School for the 1998-99 school year, effective August 17, 1998. Accompanying such letter was an employment contract that stated "FAILURE TO RETURN SIGNED CONTRACT WITHIN 15 DAYS FROM DATE OF RECEIPT SHALL RENDER THIS CONTRACT VOID."
6. Petitioner did not sign and return this contract to Guilford County Schools.
7. During the last week of July and the first week of August 1998, Petitioner conducted a summer band camp for the Southwest High School band. Petitioner had arranged the band's music show for the upcoming 1998-99 school year. Petitioner taught the band to play and march to the music in preparation for the upcoming 1998-99 school year and football season.
8. August 17, 1998 was the first day Guilford County school teachers were required to report to work for the 1998-99 school year.
9. Petitioner reported to work at Southwest High School on August 17, 1998.

10. On August 17, 1998, Principal Wayne R. Tuggle, Sr. questioned Petitioner about a rumor that Petitioner was not returning as band director. Petitioner did not indicate to the principal that he would not be returning to Southwest High as band director/music teacher for the 1998-99 school year. Petitioner and Principal Tuggle discussed Petitioner's duties as band director for the 1998-99 school year.

11. By letter dated August 19, 1998, Petitioner advised Principal Tuggle that he would not be returning as Southwest's band director for the 1998-99 school year. On August 20, 1999, Principal Tuggle received Petitioner's letter.

12. On August 21, 1998, Southwest High's band performed at the first football game without any leadership from a band director and did not have any band director leadership for two weeks.

13. Conducting summer band camp is an expected and implied responsibility of a band director for Guilford County Schools, including Southwest High School.

14. Petitioner performed a service for Guilford County Schools when he planned and conducted the 1998 summer band camp for Southwest High School's band.

15. Petitioner is eligible for compensation for conducting summer band camp and Guilford County Schools is willing to compensate Petitioner for such services.

16. By conducting the band camp, reporting to work on August 17, 1998, and based upon his August 17th conversation with the principal, Petitioner led Principal Tuggle and Guilford County Schools to believe that he was returning as band director at Southwest High for the 1998-99 school year.

17. Based upon Petitioner's actions, Principal Tuggle reasonably believed and expected that Petitioner would teach as band director at Southwest High School for the 1998-99 school year.

18. At the administrative hearing, Petitioner admitted he understood Southwest High and Guilford County Schools expected him to teach for the 1998-99 school year.

19. There is no dispute that Petitioner gave less than thirty days' notice that he would not be returning as band director at Southwest High School for the 1998-99 school year.

20. On October 13, 1998, the Guilford County Board of Education voted to recommend that the State Board of Education revoke Petitioner's license for the remainder of the 1998-99 school year for resigning without proper notice in violation of N.C. Gen. Stat. § 115C-325(o). Based upon a review of the facts, the State Superintendent initiated a revocation of Petitioner's license for the remainder of the 1998-99 school year.

21. As of the date of this administrative hearing, the 1998-99 school year has concluded. Given that fact, Respondent asked that a copy of such revocation remain in Petitioner's personnel file, pursuant to N.C. Gen. Stat. § 115C-325(o).

CONCLUSIONS OF LAW

1. N.C. Gen. Stat. § 115C-325 (o) provides :

Resignation: Nonrenewal of Contract. – A teacher, career or probationary, should not resign without the consent of the superintendent unless he has given at least 30 days' notice. If the teacher does resign without giving at least 30 days' notice, the board may request that the State Board of Education revoke the teacher's certificate for the remainder of that school year. A copy of the request shall be placed in the teacher's personnel file.

2. N.C. Gen. Stat. § 115C-325 (p) provides in pertinent part:

Section Applicable to Certain Institutions. – Notwithstanding any law or regulation to the contrary, this section shall apply to all persons *employed* in teaching.... (Emphasis added)

5. On August 19, 1998, Petitioner was "employed" by Guilford County Schools and as such, was subject to the provisions in N.C. Gen. Stat. § 115C-325(o) and (p).

6. Petitioner violated N.C. Gen. Stat. § 115C-325(o) by failing to give the required thirty days' notice of resignation.

7. Respondent acted properly, without error, arbitrariness or capriciousness, within its authority and/or jurisdiction, as required by law, and did not deprive Petitioner of property or otherwise substantially prejudice Petitioner's rights by notifying Petitioner it was revoking his teaching license for the 1998-99 school year.

RECOMMENDED DECISION

Based upon the following Findings of Fact and Conclusions of Law, the undersigned recommends the Respondent's decision to revoke Petitioner's teaching license be upheld. As the 1998-99 school year has concluded, a copy of such revocation should be placed and kept in Petitioner's personnel file.

of Justice.

6. Pursuant to 12 NCAC 10B .0204(d)(2), the Respondent may deny the certification of a justice officer when the Commission finds that the applicant for certification has been convicted of an offense defined as a Class B misdemeanor within the five (5) year period prior to the applicant's date of appointment.

Adjudicated Facts

10. Ms. Julia Lohman, Director of the North Carolina Sheriffs' Education and Training Standards Commission, testified that the Sheriffs' Education and Training Standards Commission (hereinafter the Commission or respondent) received a Report of Appointment (Form F-4) for Mr. Mark E. Narron (hereinafter the petitioner) on January 29, 1999. At the time of the receipt of this form, Ms. Lohman held the position of Acting Director of the Commission.

11. This Report of Appointment indicated that the petitioner began his employment as a detention officer with the Person County Sheriff's Office on January 22, 1999. Accordingly, this form was submitted to the respondent as part of the petitioner's efforts to obtain certification from the respondent as a detention officer.

12. Along with this Report of Appointment, the petitioner submitted a Personal History Statement (Form F-3). Ms. Lohman testified that the Form F-3 is a document which must be submitted by applicants seeking probationary certification from the Commission.

13. In his Personal History Statement, the petitioner answered "yes" to question number forty-seven (47) which asked, "Have you ever been arrested by a law enforcement officer or otherwise charged with a criminal offense?" The petitioner subsequently listed a worthless check charge in 1994 and a charge of selling alcohol to an underage person in April 1998 as the charges which prompted him to answer yes in response to question number forty-seven (47). Furthermore, the petitioner answered the inquiries on the Form F-3 about the disposition of the charges by writing that the worthless check charge was resolved by means of the payment of restitution. In regard to the charge of selling alcohol to an underage person, the petitioner wrote that the charge was resolved when he received a prayer for judgment.

14. Ms. Lohman further testified that the petitioner submitted, along with his other application materials, two (2) certified true copies of documents maintained in the Office of the Clerk of Superior Court for Person County. One of these documents was a Criminal Summons for a Simple Misdemeanor Worthless Check charge with a date of offense of August 9, 1994. This document confirmed that the disposition of the charge consisted of the petitioner paying restitution in the amount of \$94.00 for a check which was originally written for the amount of \$11.00.

15. The second document submitted by the petitioner was a certified true copy of the North Carolina Uniform Citation which was used to charge the petitioner on March 26, 1998, with the offense of selling a malt beverage to a person who at the time was less than twenty-one (21) years old in violation of N.C.G.S. § 18B-302(a). According to this document, the case against the petitioner in the District Court of Person County was assigned the file number of 98 CR 01573. Additionally, this document indicates that, on May 26, 1998, the petitioner entered a plea of guilty to the offense as charged on the citation. The judge presiding at this term of District Court accepted the guilty plea and entered a prayer for judgment continued upon payment of the court costs.

16. This copy of the North Carolina Uniform Citation also indicates that the offense of selling a malt beverage to a person who at the time was less than twenty-one (21) years old is classified as a Class 1 misdemeanor under the provisions of the North Carolina General Statutes.

17. Ms. Lohman testified that the Commission utilizes a classification system for misdemeanors which classifies misdemeanors as either Class A or Class B misdemeanors. In order to identify offenses which are classified as Class B misdemeanors for the purpose of applying the Commission's rules, a manual, the Class B Misdemeanor Manual, has been compiled by the North Carolina

Department of Justice. The offense of selling a malt beverage to person who at the time was less than 21 years old is listed in this manual as a Class B misdemeanor.

18. 12 NCAC 10B .0103(2)(a) provides:

In addition to the definitions set forth in G.S. 17E-2, the following definitions apply throughout this Chapter, unless the context clearly requires otherwise:

- (2) "Convicted" or "Conviction" means and includes, for purposes of this Chapter, the entry of:
" (a) a plea of guilty.

19. 12 NCAC 10B .0103(10)(b) provides:

In addition to the definitions set forth in G.S. 17E-2, the following definitions apply throughout this Chapter, unless the context clearly requires otherwise:

- (10) "Misdemeanor" means those criminal offenses not classified by the North Carolina General Statutes, the United States Code, the common law, or the courts as felonies. Misdemeanor offenses are classified by the Commission as follows:
(b) "Class B Misdemeanor" means an act committed or omitted in violation of any common law, criminal statute, or criminal traffic code of this state which is classified as a Class B Misdemeanor as set forth in the "Class B Misdemeanor Manual" as published by the North Carolina Department of Justice and shall automatically include any later amendments and editions of the incorporated material as provided by G.S. 150B-21.6.

20. 12 NCAC 10B .0204(d)(2) provides:

- (d) The Commission may revoke, suspend, or deny the certification of a justice officer when the Commission finds that the applicant for certification or the certified officer has committed or been convicted of:
(2) a crime or unlawful act defined in 12 NCAC 10B .0103(10)(b) as a Class B misdemeanor within the five-year period prior to the date of appointment.

21. 12 NCAC 10B .0205(3)(d) provides:

When the Commission suspends, revokes, or denies the certification of a justice officer, the period of sanction shall be:

- (3) for an indefinite period, but continuing so long as the stated deficiency, infraction, or impairment continues to exist, where the cause of sanction is:
(d) commission or conviction of offenses as specified in 12 NCAC 10B .0204(d)(2), (3), (5), and (6).

22. The petitioner testified that he is currently twenty-seven (27) years old, and he is presently employed as a detention officer by the Person County Sheriff's Office. The petitioner has no children. He successfully completed a GED program in 1998 since he did not originally progress past the eleventh grade in high school. After dropping out of high school, the petitioner began to work full-time at a mill.

23. On March 26, 1998, the petitioner was working as a cashier at the Colony Convenience Store which was located at 730 Durham Road in Roxboro, North Carolina. He had worked for this employer for approximately two and a half years as of March 26, 1998.

24. The petitioner further testified that, on this date in March 1998, he was responsible for running the main cash register and attending to the drive-thru window at the store. According to the petitioner, one of the duties associated with working the cash register

was verifying the age of individuals who attempted to purchase alcoholic beverages and appeared to be under the age of twenty-one (21). While the employees at the store had received no formal training on this subject, the petitioner testified that the employees were instructed to check the birth date on an individual's driver's license in order to verify the age of a customer purchasing alcoholic beverages.

25. The petitioner testified that on March 26, 1998, he was busy working both the main and drive-thru cash registers. He was busy because there were three (3) people waiting at the main cash register and another customer at the drive-thru window. During that time period, a customer approached the petitioner in order to make a purchase of twenty-two (22) ounces of Icehouse Beer. Since he was busy, the transaction was completed without the customer ever having his driver's license or identification card examined by the petitioner. The petitioner testified that, in his eyes, the customer appeared to be over twenty-one (21) years of age due to the large frame of the customer. However, in actuality, the customer was twenty (20) years old.

26. The petitioner further testified that he has consistently admitted that he committed a wrongful act when he sold the beer to the twenty (20) year old without checking the identification of the customer. Consequently, the petitioner did not obtain an attorney to provide representation for the petitioner at the time of the trial for the offense of selling a malt beverage to a person under the age of twenty-one (21). Instead, the petitioner pled guilty to the charge. In fact, Mr. Narron used the administrative hearing for this matter as a forum to once again apologize for an act which he characterized as a "mistake." While the petitioner admits that his actions in concluding the sale with the twenty (20) year old constituted a mistake, the petitioner consistently denied that he had any intent to sell a malt beverage to a person under the age of twenty-one (21).

27. The petitioner testified that he had not sold alcoholic beverages to minors on any other occasions.

28. When questioned about the identity of the agency responsible for conducting the operation which led to the charges against him, the petitioner responded by stating that the undercover operation was a joint effort of the Person County Sheriff's Office and North Carolina Alcohol Law Enforcement.

29. Sheriff Dennis M. Oakley, Sheriff of Person County, testified on behalf of the petitioner. Sheriff Oakley confirmed that his department had worked with North Carolina Alcohol Law Enforcement to set up the operation which led to the petitioner receiving a citation for selling a malt beverage to a person who at the time was less than twenty-one (21) years old. In regard to the twenty (20) year old person who bought the malt beverage from the petitioner, Sheriff Oakley testified that he selected the twenty (20) year old used in this undercover operation because the undercover operative's age appeared to be approximately twenty-five (25) years of age.

30. Furthermore, Sheriff Oakley testified that he had received no complaints about the sale of alcoholic beverages to underage persons at the Colony Convenience Store prior to this operation. The impetus for this undercover operation had come from complaints against other businesses in Person County. The sheriff has never received any information that the petitioner sold alcoholic beverages to underage persons other than on the one occasion where a charge was filed against the petitioner.

31. Sheriff Oakley testified that he believes the petitioner is a good detention officer, and the sheriff wants to see certification granted to the petitioner so that the sheriff can retain the petitioner as an employee. Sheriff Oakley described the petitioner as an honest and thorough employee who works well with the inmates as a detention officer. As an example of the petitioner's honesty, the sheriff testified about an incident where the petitioner overcame the temptation to remain silent and reported the misconduct of two fellow officers. Specifically, the petitioner reported the mishandling by two other employees of money taken from a suspected drug dealer. As a result of the petitioner's honesty during that incident, Sheriff Oakley terminated the employment of a detention officer and a deputy.

32. While Sheriff Oakley supports the petitioner's application for certification, the sheriff testified that he does agree with the assertion that the Commission can appropriately determine the eligibility of an individual for certification as a justice officer on the basis of an individual's criminal history record and the Commission's rules.

33. In addition to Sheriff Oakley, the petitioner called three other character witnesses on his behalf. The first such witness to be called was Deputy Cheryl Purnell who works in the Person County Sheriff's Office. Deputy Purnell stated that she has worked as a deputy since 1992. The deputy described the petitioner as a good friend. Furthermore, Deputy Purnell testified about the petitioner's determination to become a law enforcement officer as evidenced by his successful completion of a GED course in order to remove an initial barrier to his employment as a law enforcement officer. In describing the petitioner's work habits, Deputy Purnell described the petitioner as thorough to the point of trying to be too perfect.

34. The petitioner next called Lieutenant Ollie Purnell as a character witness. Lt. Purnell has been employed by the Roxboro Police Department for twenty-seven (27) years, and he is the father of Deputy Cheryl Purnell. Lt. Purnell testified that he is familiar with the petitioner and the petitioner's reputation. The lieutenant testified that the petitioner enjoys a very good reputation in Roxboro. The

lieutenant was "shocked" when he heard about the charge which had been filed as a result of the March 26, 1998, incident at the Colony Convenience Store. During his testimony, Lt. Purnell acknowledged that he is certified as a law enforcement officer through the North Carolina Criminal Justice Education and Training Standards Commission. Accordingly, the lieutenant testified that he recognized the importance of the Sheriffs' Education and Training Standards Commission's efforts to enforce the standards imposed by the Commission's rules concerning applicants for certification as justice officers.

35. The final character witness called by the petitioner was Ms. Elizabeth Clark. Ms. Clark has been the Jail Administrator for the Person County Sheriff's Office since January 1993. Ms. Clark testified that the petitioner is a dependable employee with a positive attitude. Ms. Clark also described the petitioner as a person who displays an enthusiasm to learn. Consequently, the petitioner has demonstrated to Ms. Clark the ability to develop in a rapid manner the skills which are required of a good detention officer. Based on these factors, Ms. Clark believes that the petitioner should receive certification as a justice officer from the Commission.

CONCLUSIONS OF LAW

1. Both parties are properly before this Administrative Law Judge in that jurisdiction is proper and both parties received notice of hearing.
2. On March 26, 1998, the petitioner in his capacity as a cashier for the Colony Convenience Store in Roxboro sold a malt beverage (22 ounces of Icehouse Beer) to a person who at the time was twenty (20) years of age.
3. On May 26, 1998, the petitioner entered a plea of guilty under file number 98 CR 01573 in the District Court of Person County to the charge of selling a malt beverage to a person who at the time was less than twenty-one (21) years old in violation of N.C.G.S. § 18B-302(a)(1).
4. Pursuant to 12 NCAC 10B .0103(2)(a), this entry of a plea of guilty constitutes a conviction under the rules adopted by the Commission.
5. Pursuant to 12 NCAC 10B .0103(10)(b) and the Class B Misdemeanor Manual published by the North Carolina Department of Justice, the offense of selling a malt beverage to a person who at the time was less than twenty-one (21) years old is classified as a Class B misdemeanor.
6. Thus, the petitioner's entry of a plea of guilty on May 26, 1998, constituted a conviction of a Class B misdemeanor under the rules adopted by the Commission.
7. The petitioner was appointed as a detention officer for the Person County Sheriff's Office on January 22, 1999.
8. Pursuant to 12 NCAC 10B .0204(d)(2), the petitioner's conviction of a Class B misdemeanor within the five (5) year period prior to his appointment as a detention officer provides a proper basis on which the Commission may rely to deny the petitioner's application for certification as a justice officer.
9. Pursuant to 12 NCAC 10B .0205(3)(d), when the Commission denies the certification of a justice officer, the period of sanction shall be for an indefinite period, but continuing so long as the stated deficiency, infraction, or impairment continues to exist where the cause of sanction is the applicant's conviction of a Class B misdemeanor within the five (5) year period prior to the applicant's date of appointment.
10. Pursuant to 12 NCAC 10B .0204(d)(2), the Commission may exercise discretion in determining whether or not to deny a particular individual's application for certification as a justice officer. In exercising this discretion, the Commission may utilize its inherent powers to impose a sanction which does not rise to the level of the full sanction authorized by 12 NCAC 10B .0204(d)(2).
11. In the case presently under consideration, the Commission should consider the following factors as proper grounds to invoke a lesser sanction: a) the petitioner has been truthful about his criminal history record throughout the process of applying for certification as a justice officer; b) the evidence does not demonstrate any intent on the part of the petitioner to sell an alcoholic beverage to an underage person; c) both the petitioner and the sheriff in charge of the undercover operation testified that the customer who bought the malt beverage in question appeared to be over the age of twenty-one (21); d) no evidence has been presented to indicate that the petitioner has ever sold or given alcoholic beverages to underage persons on any other occasions; and e) Sheriff Oakley, the Sheriff of Person County, testified that the petitioner is a valued employee who the sheriff wishes to retain.

Based upon the above Findings of Fact and Conclusions of Law, the undersigned makes the following:

PROPOSAL FOR DECISION

It is hereby proposed that the petitioner's justice officer certification be granted on the condition that the petitioner successfully complete a period of probation which will have a duration of five (5) years from the date of the petitioner's conviction of the Class B misdemeanor. During this period of probation, the petitioner must not violate any federal or state laws, excluding infractions, or the Commission's rules.

NOTICE

The agency making the Final Decision in this contested case is required to give each party an opportunity to file exceptions to this Proposal For Decision, to submit proposed findings of fact, and to present oral and written arguments to the agency. N.C. Gen. Stat. § 150B-40(e). The agency is required by N.C. Gen. Stat. § 150B-36(b) to serve a copy of the final decision on all parties and to furnish a copy to the parties' attorney of record and to the Office of Administrative Hearings.

The agency that will make the final decision in this contested case is the North Carolina Sheriffs' Education and Training Standards Commission.
